

Fort McMurray 3rd Annual CSSE Health & Safety Conference

2008 CSSE Health & Safety Conference Registration

- All participants are invited to attend the following Key Note Speaker Sessions

- **Opening Session** 8:00 – 9:00
- **Lunch Session** 12:15 – 1:00
Lunch will be supplied
- **Closing Session** 4:00 - 4:30

Please indicate your session choices below:

(Morning session 1 **or** 2 and Afternoon session 3 **or** 4)

Morning: 9:15 – 12:00

- Session 1 45 min each * Lessons Learned 2006 Crane Incident
* Best Practices “Working in the Heat”
* Do Safety Policies Create Safer Work Places
(a health care perspective)

or

- Session 2 All morning DuPont Electric Arc Flash Safety

Afternoon: 1:00 – 4:00

- Session 3 45 min each * Fall Protection Myths
* Best Practice “Vibration Hazards”
* Health & Safety Association Network

or

- Session 4 All afternoon Due Diligence for the Front Line Leader

Conference Cost: \$195 per person

Location: Sawridge Inn and Convention Center

Date: May 7th, 2008

Time: 07:30 – 4:30

Online Registration (click on link): www.fmca.net

Inquiries - Phone: 780-791-9288 Fax: 780-790-9757

Fort McMurray 3rd Annual CSSE Health & Safety Conference

Opening Session (all participants)

Time	Topic	Speaker
07:00 – 08:00	Registration & Continental Breakfast	
08:00 – 08:15	Welcome - Opening Remarks & MC Introduction	Mel Holloway CHSC, CRSP - CSSE Fort McMurray Chapter Chair
08:15 – 09:00	Opening Key Note Speaker - Chris Powell CRSP	Chris Powell CRSP Manager Compliance Programs Workplace Health and Safety
09:00 – 09:15	Networking Break	N/A

Participants may attend either session 1 or 2.

Session 1

Time	Topic	Speaker
09:15 – 10:00	Lessons Learned 2006 Crane Incident	Andy Ciupa CRSP, SH&E Leader Syncrude Canada Ltd
10:00 – 10:15	Networking Break	N/A
10:15 – 11:00	Best Practices “Working in the Heat”	Diane Radnoff, P.Eng., M.Eng., CIH Senior Occupational Hygienist, Alberta Employment, Immigration and Industry
11:00 – 11:15	Networking Break	N/A

Session 2

Time	Topic	Speaker
09:15 – 12:00	Electric Arc Flash Safety Keynote: Lanny Floyd, Principal Consultant, DuPont Engineering	Randy Templeton, Senior Thermal Specialist, DuPont Canada
10:00 – 10:15	Networking Break	N/A
10:15 – 11:00	Session 2 continues	
11:00 – 11:15	Networking Break	N/A

Fort McMurray 3rd Annual CSSE Health & Safety Conference

11:15 – 12:00	Do Safety Policies Create Safer Work Places (a health care perspective)	Debbie Banard, MS, CPHQ Senior Consultant <i>DB Consulting</i>		11:15 – 12:00	Session 2 continues
---------------	--	---	--	---------------	---------------------

Lunch Session (all participants)

Time	Topic	Speaker
12:00	Lunch (Lunch provided)	N/A
12:15 – 13:00	Key Note Speaker Safety Fundamentals	Bruce Brodie , SH&E General Manager, Syncrude Canada Ltd

Participants may attend either session 3 or 4.

Session 3

Time	Topic	Speaker
13:00 – 13:45	Fall Protection Myths	Andy Gauthier CRSP Fall Prevention Specialist AVG Consulting
13:45 – 14:00	Networking Break	N/A
14:00 – 14:45	Best Practice - Vibration Hazards	Diane Radnoff , P.Eng., M.Eng., CIH Senior Occupational Hygienist, Workplace Policy and Standards Development Branch, Alberta Employment, Immigration and Industry

Session 4

Time	Topic	Speaker
13:00 – 15:45	Due Diligence For the Front Line Leader	Mike Rogers HSESR Manager, SAGD Operations Long Lake
13:45 – 14:00	Networking Break	N/A
14:00 – 14:45	Session 4 continues	

Fort McMurray 3rd Annual CSSE Health & Safety Conference

14:45 – 15:00	Networking Break	N/A
15:00 – 15:45	Health & Safety Association Network	Tim Gondek, Executive Director Oil Sands Safety Association
15:45 – 16:00	Networking Break	N/A

14:45 – 15:00	Networking Break	N/A
15:00 – 15:45	Session 4 continues	
15:45 – 16:00	Networking Break	N/A

Closing Session (all participants)

16:00 – 16:30	Key Note Speaker Highway Safety – A Look Ahead	Corporal Julie Murphy
16:30	Conference Closing	Sharon Tees & Mel Holloway

Fort McMurray 3rd Annual CSSE Health & Safety Conference

ELECTRIC ARC FLASH SAFETY Morning Session May 7, 2008

What's Protecting You?

KEYNOTE: *Lanny Floyd, Principal Consultant, DuPont Engineering*

SPEAKERS: *Randy Templeton, Senior Thermal Specialist, DuPont Canada*

Ernie Jones, Consultant (formerly of Ontario Hydro)

Seminar Description:

This seminar is intended to give an overview of arc flash hazards and how to protect workers from being injured by exposure to arc flash.

Things are changing in Canada and some new electrical safety standards and legislation will be put into place in 2008. This session will provide an update on those standards and legislation.

Finally, this session will discuss how to incorporate an electrical safety program into your OHS management program.

Agenda

9:15 am Electric Arc hazards, test methods and standards including an update on CSA Z462

10:00 am **short break**

10:10 am Arc resistant fibres, fabrics, clothing and what to consider when creating a clothing program for protecting electrical workers.

11:00am **short break**

11:10am Combining Electrical Safety and OHS

Noon end program

Fort McMurray 3rd Annual CSSE Health & Safety Conference

Chris Powell CRSP
Manager of
Compliance
Programs for Alberta
- Employment, and
Immigration -
Workplace Health
and Safety

Chris is a graduate of the Seneca College, Fire Protection Engineering Technology Program and continued his studies at Ryerson University, graduating in Occupational Health and Safety.

He obtained his Canadian Registered Safety Professional designation in 2002 and his Certified Health and Safety Consultant Designation in 2006.

Chris was the recipient of the Canadian Society of Safety Engineering – Bell Canada Health and Safety Professional of the Year Award in 2003 for his innovative approach to safety program development.

He has been actively involved with CSSE in Ontario and was the chair of the Bluewater Chapter for 2005 & 2006.

His work experience spans both the public and private sector with over 12 years practical experience.

Chris also was an associate professor at Lambton College teaching Occupational Health and Safety courses within their Industrial Hygiene program.

He is married with two young boys and is currently living here in Fort McMurray.

Bruce Brodie
General Manager,
Safety, Health and
Environment
Syncrude Canada
Ltd.

Bruce Brodie is the General Manager, Safety, Health and Environment. In this role, he is responsible for Syncrude's Safety, Health and Environment programs, performance and improvements.

Prior to arriving at Syncrude in July 2007, Bruce spent more than 22 years in the petroleum industry. His previous experience gave him a strong production, safety and technical background.

Bruce began his career with Marathon Petroleum as a process engineer in 1985. Six years later, he joined Mobil as a process design engineer at its Joliet, Illinois refinery. He was subsequently promoted to Process Engineering Supervisor before transferring to Mobil's headquarters in Fairfax, Virginia as Strategic Planner for the company's refineries in Joliet and Chalmette, Louisiana.

In 1995, Bruce moved to Mobil's refinery in Beaumont, Texas as its Operations Shift Supervisor. A year later, he became the facility's Human Resources Advisor.

In 1997, Bruce moved to Mobil's refinery at Torrance, California in the reestablished position of Technical Department Manager. Two years later, he became the facility's Process Manager.

ExxonMobil promoted Bruce in 2001 as Refinery Manager at its Billings, Montana facility.

As part of his recent positions within the company, Bruce served as the sponsor of ExxonMobil's Safety, Health and Environment Managers Network for the Americas. In that role, Bruce helps those leaders work on improving safety performance at Exxon Mobil's approximately 24 refineries and petrochemical facilities in North, South and Central America.

Bruce graduated from Wayne State University, in Detroit, in 1984 with a degree in chemical engineering. He is married and has two sons. His hobbies include hunting and fishing.

Fort McMurray 3rd Annual CSSE Health & Safety Conference

 <p>Corporal Julie Murphy RCMP, Fort McMurray Detachment</p>	<p>Corporal Murphy has been a member of the RCMP since September, 1999.</p> <p>She started her career in British Columbia and transferred to Fort McMurray RCMP Traffic Section in November, 2003.</p> <p>Corporal Murphy worked as a Constable on the traffic section until promoted to the Corporal's position in July 2007.</p>
 <p>Mike Rogers HSESR Manager, SAGD Operations Long Lake</p>	<p>Mike Rogers is currently the HSE Manager for Nexen Long Lake and has thirty nine years experience in refining and Oils sands Upgrading.</p> <p>Mike holds a Bsc in Environmental Sciences with diplomas in business administration and adult education.</p> <p>He also instructs courses at Keyano College in Occupational Health & Safety, Risk assessment and Industrial Incident Investigation.</p> <p>Mike volunteers his time to conduct Incident Investigation training for the various CSSE chapters.</p> <p>He has authored numerous technical papers and coauthored two CCPS guidebooks regarding Management of Change and Pre Start Up Safety Reviews.</p> <p>Mike also codeveloped a safety culture workshop with CCPS and is a Peer Reviewer for the CCPS Risk Based Process Safety Management guidebook.</p>

Fort McMurray 3rd Annual CSSE Health & Safety Conference

Diane Radnoff,
P.Eng., M.Eng., CIH
Senior Occupational
Hygienist, Workplace
Policy and Standards
Development Branch,
Alberta Employment,
and Immigration

Diane Radnoff is a Chemical Engineer and Industrial Hygienist.

She obtained her Bachelor of Science in Chemical Engineering from Queen's University in Kingston, Ontario and her Masters of Engineering in Industrial Hygiene from the University of Toronto.

Ms. Radnoff has had extensive experience in both the environmental and occupational health and safety fields.

Her first position was with Environment Canada, developing and testing innovative environmental remediation technology for spill clean-up. The equipment developed was field tested at a variety of spill sites across Canada and in the United States.

She worked for over 15 years in the consulting field, specializing in assessment of environmental and health and safety issues and the development and implementation of environmental remediation at industrial, residential, commercial and First Nation sites.

Ms. Radnoff has been with Alberta Employment and Immigration since 1999. She is responsible for technical support to the department and external stakeholders regarding industrial hygiene issues. She also develops policy and interpretations on industrial hygiene provisions in the Alberta legislation.

Debbie Barnard,
MS, CPHQ
Senior Consultant
DB Consulting

Debbie Barnard has worked in the healthcare industry for more than two decades in a variety of practice settings including acute care, home health, hospice and an academic setting.

The focus of her consulting; leadership & executive coaching and facilitation practice is driven by her desire to aid organizations, teams and individuals to achieve their desire for excellence.

She draws on her rich history in accreditation (*JCAHO*), patient safety, performance improvement and most recent role as national *Safer Healthcare Now!* Project Manager for the Canadian Patient Safety Institute.

She has successfully performed in a series of postings including, *JCAHO* Surveyor, Nurse Instructor, and Quality & Performance Improvement Director.

Her educational background includes the following; a General Nursing Diploma (RN), a Certificate in Advance Nursing Education, a Bachelor of Arts in Applied Behavioral Sciences, and a Masters of Science in Human Resource Management & Development.

Debbie is also a designated Certified Professional in Healthcare Quality (CPHQ) and is a trained RCA (root cause analysis) facilitator for both the Canadian Root Cause Analysis Framework and the internationally known US based Veteran Affairs.

Fort McMurray 3rd Annual CSSE Health & Safety Conference

Andy V. Gauthier
CRSP

AVG Consulting
Services

Andy worked in the oil sands industry at Syncrude Canada Ltd. for 27 years.

Initially starting in the Extraction Operations area, he then transferred to the Safety department as a Safety Specialist in the early 80's.

Andy was in the EH&S field for the remainder of his career at Syncrude Canada Ltd.

In March of 2005, he retired from Syncrude Canada Ltd.

In 2002, Andy established "AVG Consulting Services" a company providing safety and training services, specializing in fall protection.

He has been actively involved in the Fort McMurray CSSE chapter since the early 1980's.

He was Chapter Chair person for 4 years in the late 1990's and early 2000's, where the chapter won the Chapter of the Year award 3 times.

In 2004, Andy was awarded the National CSSE Bell Canada Safety Professional of the Year award in Halifax at the CSSE National PDC.

Andy received the CRSP designation in 1988. As the current CRSP Regional Steering Committee Chairperson, he coordinates the CRSP activities in the Fort McMurray Region.

Tim Gondek
Executive Director
Oil Sands Safety
Association

Tim is currently the Executive Director of the Oil Sands Safety Association (OSSA), which is a non-profit organization, focused on standardizing safety training in the Oil Sands Industry. He assumed this role in 2007 as a secondee from Suncor Energy Inc. for a three-year term.

Prior to this assignment, he was the Manager of Environment, Health & Safety with Suncor Energy, Inc. - Oil Sands division in Fort McMurray, Alberta. His primary accountability was in the areas of health and safety: integration, implementation and support of the site support business units; special projects such as the "Journey to Zero" safety initiative rollout and OSSA Steering Committee member.

Over the past 27 years, Tim has held positions in areas of Emergency Response, Training, Industrial Hygiene, Occupational Health, Safety, Boiler Pressure, Radiation Safety, Quality and Risk Management.

Tim continues to be an active member in many industry, and community organizations and executive committees.

Authorized only to be used by CSSE for May 7th
